SEATTLE, Nov. 15.—By a unanimous vote of the delegates to the American Federation of Labor convention, President Wilson was today requested to mediate in the strike now tying up the Atlantic division of the Harriman S. S. P. WILLING TO HAVE MEDIATION BOARD ACT

NEW YORK, Nov. 15.—Julius Kruttschnitt, chairman of the executive committee of the Southern Pacific, announced late yesterday afternoon that the railroad company was willing to discuss with a representative committee of four labor organizations now on strike the question of inaugurating a system of dealing with controversies through a joint committee representing all four organizations.

"The railroad is willing to discuss with a representative committee of the four organizations concerned the question of inaugurating the system of dealing with controversies through a joint committee representing all four organizations," says Mr. Kruttschnitt's statement, "and if no agreement can be arrived at, to have the controversy adjusted in the manner provided by the recent act of congress."

"It is further willing to have the controversy over its refusal to grant the demand actually made adjusted by the board of mediation and conciliation or by arbitration as provided in the act of congress. More than this cannot reasonably be required of it."

BROWN APPLIED MARRIAGE RULES TO GOSPEL THEME

Brown made a fine thing out of his subject last night at the First Christian church. Under the caption, "How to get Married," he said:

"First, get acquainted; second, have confidence in your future husband or wife; third, love each other truly, but make no concessions truly, but make no concessions where principle is involved; fourth, you are not married until the ceremony is said; fifth, leave your old home and make a new one; sixth, be faithful to the end."

Each of these steps were taken up as an illustration of becoming married to Christ—1, hear him; 2, believe him; 3, love him and turn to him; 4, leave the old home of sin; 5, the ceremony of marriage is baptism; 6, be faithful to him and he will be faithful to you.

GERMANY'S CROWN PRINCE VIEWED BY FRANCE AS MENACE

PARIS, Nov. 15.—That Germany will continue to equip herself for war regardless of propositions from England or elsewhere, to "take an armistice vacation" for a year, and that she is preparing steadfastly not for defense but for offense, is the general opinion in France as voiced in the corridors of the Chamber of Deputies.

Germany's repeated refusal to limit her armament output even for a year will serve to dispel any illusions statesmen in France or England might have left," said Emil Massard, a well known political writer here today. "Germany continues her course, not because she wishes to defend herself, but because she will attack ultimately. We were building even better than we knew when we took our present precautions and increased the size of the standing army. The Crown Prince is a huge menace looming up for the future. Even now he does not hesitate to brave the anger of his father, the Kaiser, and dishonor himself as a pan-Germanist of the most active brand. He is constantly brandishing his sabre. Let us keep ready the bayonets of France!"

2 MEN FOUND GUILTY OF MURDER

Burr Harris and Louis Larsen, Women Slayers, Will be Sentenced Tuesday

RECORD-MOVING CASES WERE SETTLED QUICKLY

Coincidence Marked the Swift Moving of Justice in Each Trial

LOS ANGELES, Nov. 15.—Two men, accused of slaying women and tried in adjoining courtrooms, were yesterday found guilty by juries in the criminal courts of first degree murder.

Next Tuesday morning in the same hour the two men, whose trials began the same day, will face the courts for the only sentence that can be meted out to them—hanging.

The two men, whose convictions the same day establishes a precedent in the history of California jurisprudence, were Burr L. Harris and Louis A. Larson.

Harris was found guilty in Judge Willis' court in eighteen minutes of the murder of Mrs. Rebecca Gay.

Larson was found guilty of murdering his wife in the Verdugo hills in thirty-four minutes after Judge Craig had instructed the jury.

Harris intends to make a fight for a new trial, while Larson's attorneys assume the attitude that the fight had been fairly lost and indicated that they would not ask for a retrial.

Villa Storms Border Town—Surprises and Routs Federals Many of Whom Flee Across Line

WASHINGTON, Nov. 15.—Mexico City dispatches indicate that Provisional President Huerta is anxious to reopen negotiations with Envoy John Lind. The administration here is convinced, however, that he merely wants to play for more time, and remained steadfast in its policy to have nothing more to do with the dictator except when he lays down his office.

If the dispatches printed this morning to the effect that British Ambassador Carden had told Huerta that England sympathizes with America's stand are true, it is agreed here that everything is practically over for Huerta.

HUERTA SILENT AS TO PLANS UP TO NOON

An American named Herrington, motoring in Juarez when the fighting began, was killed by a stray bullet. It was impossible to learn the extent of the Mexican casualties, but it is believed to be light. There is a rumor here that Villa will execute all prisoners.

The rebels arrived in the guise of a federal troop train, then disappeared quickly into the darkness. They

EIGHT EATERS ENTER AN EATING SYNDICATE

Boarding houses, restaurants, lunch counters, handouts and chicken dinners at G. A. R. hall and in Sunday school rooms can go away back and sit down and watch eight men eat in the finest style Santa Ana has ever known.

To begin with, here are the names of the eight men: Joseph C. Burke, Clyde Bishop, Sam Burke, William F. Menton, Charles Woodford, Chas. Davis, Robert Grams, and Ross Waffle.

They live in Elks' hall, and each man has been hustling for his grub wherever he happened to hang up his hat. They got to counting it up, and they found that the collective figures were tremendous.

Somebody suggested machine methods, which means a combination. The combination was formed, a Jap was hired, dishes were bought, and an account started at the grocery store under the name of Sin-die-at Calfe. Tonight at the strike of 6 a new era in eating begins.

The members of the syndicate have been so busy hustling for grub that they have been remarkably easy since the solution was diluted among the eight

NATIONAL HORSESHOW OPENS

NEW YORK, Nov. 15.—The twenty-ninth annual show of the National Horseshow Association opened in Madison Square Garden today to run through Saturday, November 22. Billions of dollars in personal wealth was represented by those in the boxes and among the competitors, and no former New York show has ever presented a more brilliant scene than today's. Society—in capital letters—was out in force, and the jewels and gowns of the fair spectators were more appropriate for an Indian Durbar or an international polo contest than a horse show.

WARRANT OUT AGAINST A MINISTER ACCUSED

Anahiem Preacher Charged With Having Registered Fraudulently

NOT CITIZEN WHEN HE WENT ON ROLL

Rev. Sutherland Had Registration Canceled Month After He Signed

This morning a warrant was issued for the arrest of Rev. C. H. M. Sutherland of Anaheim on a charge of fraudulent registration. Rev. Sutherland is pastor of the Methodist church at Anaheim. As yet he is not a citizen of the United States. The complaint against the minister is sworn to by Herman P. Noll of Anaheim, secretary of the Orange County Wine Company, and one of those interested in favor of the saloons in the recent dry and wet fight at Anaheim.

Rev. Charles Henderson Munro Sutherland was before Judge West on July 7 for a hearing upon his petition for final letters of naturalization. He easily passed the tests given by the court, and was declared a citizen. A few days later when the proceedings were examined by Naturalization Examiner Frederick Jones of Los Angeles it was found that Rev. Sutherland did not have a certificate of arrival in this country. Such a certificate is required by law to be filed before citizenship can be legally awarded. On July 11 Judge West made an order setting aside the order granting citizenship to Rev. Sutherland and that his naturalization papers had been cancelled and would be taken up again after a certificate of arrival had been secured. That certificate has arrived, and on Monday next Rev. Sutherland is on the calendar for final papers of naturalization.

On Sept. 11 Rev. Sutherland and his wife were registered in Anaheim, Precinct No. 4, by C. E. Jones, a "dry" registration clerk. On Oct. 15 Rev. Sutherland applied to the county clerk to have the registrations cancelled, and the records show that upon that day the registrations of the minister and his wife were both cancelled.

Under the law, however, the cancellation of a registration does not prevent action for fraud. Today District Attorney West looked into the matter and upon the evidence he authorized a complaint. The warrant was issued by Justice Fullerton of Orange, who is sitting today in Justice Cox's court. No warrant was issued for Mrs. Sutherland.

This is the fifth warrant issued for fraudulent registration. The other four defendants are supposed to be "wets." The charge of fraudulent registration is a felony. While the case is still pending it is doubtful if the court will grant Rev. Sutherland final papers at the naturalization hearing on Monday.

AUTOMOBILE HITS HIGH SCHOOL GIRL

Miss Marguerite Dodds Struck by Car While Crossing Street Thursday Night

(From the Anaheim Herald) Miss Marguerite Dodds was knocked down and run over Thursday night about 6:20 o'clock by an automobile driven by Charles Lange, the West Anaheim grocer. The machine was being driven very slowly at the time, and for this reason Miss Dodds was not more seriously hurt than she might have been otherwise. Mr. Lange and spectators placed Miss Dodds in Mr. Lange's automobile and took her to the sanitarium, where Dr. Johnson was called. After an examination he said there were no bones broken and aside from the bruises and shock he did not expect anything serious from it.

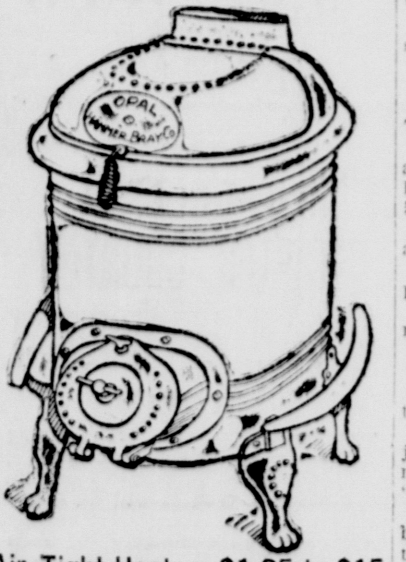

At the time of the accident, Miss Dodds was crossing Center street. As it was raining at the time, she was carrying an umbrella over her head, and also was carrying a package. Mr. Lange was coming south on Los Angeles street, and says that he was driving very slowly. Just as he was turning onto West Center street he says that he noticed Miss Dodds step out onto the street, and although he sounded his horn, he could not avoid the accident. He says that his machine was going so slowly that when he struck Miss Dodds it was not going fast enough to knock her down, but that she tripped and fell, and was run over by both wheels of the machine. The machine is quite heavy, and Miss Dodds is fortunate that she was not injured more than she was.

Mrs. Dodds said this morning that her daughter had felt rather nervous last night before she went up town, and two or three times she felt like turning around and going back home. She said she did not blame Mr. Lange, for she said that she was carrying the umbrella and heard him sound his horn, but she seemed unable to get out of the way of the machine. At present Miss Dodds is resting quite comfortably in the sanitarium, considering the circumstances. Dr. Johnson says she will be out in two or three days.

Sale of Union Oil Company Is Announced

Word comes from London that the Union Oil Company of California has been sold. That in a deal in which the General Petroleum figures in a sale or reorganization that the greatest oil company in the state, upon which the General Petroleum held an option, had been taken over by a British syndicate headed by Andrew Wier, head of a great shipbuilding corporation, and others. The information comes in a cablegram from Eugene de Sabla, president of the General Petroleum Company, who with John Barneson, vice president of the same company, is now in London. The price paid, it is said, for the General Petroleum is \$35,000,000 in cash, of which \$20,000,000 is to go to Union Provident stockholders under the \$120 share option on the controlling interest held by de Sabla and his associates, and that General Petroleum stock is to be exchanged for shares of the new syndicate, which is capitalized for \$75,000,000. Announcement of the deal came through Louis Slauson of San Francisco, who gave out the following statement:

"This is the consummation of the negotiations that every one had been hoping for, and the result is to place General Petroleum at once in a perfectly sound position, with all financial requirements provided for. We, at this end, are not fully apprised of the details of the transaction. I assume that there will be organized a British limited liability corporation to act as holding company for the General Petroleum Company, and later, we hope, for the control of Union Oil Company. At least, the organization will be made large enough to provide for both of these holdings.

"The negotiations have contemplated that the securities of the General Petroleum Company would be exchanged for those of the holding company. We are in a position to promise that a good working majority of the stock of General Petroleum will be offered for exchange and a large proportion of the bonds.

"Every holder of General Petroleum securities, no matter how small, will be permitted to exchange for the securities of the holding company on the same basis. While all will be welcome, no coercion will be employed."

Officials of the Union Oil Company in Los Angeles claim to not have any other information regarding the sale than is contained in the dispatches. This is likely in view that the option held by de Sabla for control of the Union Oil Company was given him by Robert Watchorn, former treasurer of the company, and who is now in Oklahoma. No one but Mr. Watchorn would likely be advised of the taking up of the option, hence the lack of information here.

While it has always been said, ever since the option was given Mr. Watchorn by the Stewart interests that a prior option was held by the Messrs. Hallgarten in New York, and that this firm would have to be reckoned with before any sale could be made by the General Petroleum Company, to whom Mr. Watchorn gave his option, the published statement of the General Petroleum Company in England does not bear this out. In this statement, which gives the details of the company, showing what it holds its capitalization, etc., it sets forth the following:

"The company, the General Petroleum, has recently secured the control of the Union Oil Company, of California, and its subsidiaries, for \$4,000,000. The Union Oil Company owns freehold and leasehold land, area 256,000 acres, in California, a controlling interest in a fleet of 14 tank steamers.

oil supply stations on the coast of Chile, the island of Hawaii, in British Columbia and along the Pacific Coast, a controlling interest in the Producers' Pipe Line Company, the Union Tool Company, Union Well Supply Company, Union Oil Company, building the Outer Dock and Warehouse Company at San Pedro and several other companies."

When this purchase was acquired is not known, but it will be remembered that several months ago it was given out that the Union Oil Company had disposed of some of its outside interests and that soon afterward the sale of the interest held in the Union Oil building was made, and at the same time it was said that the Union intended to rid itself of several attachments and devote attention in the future exclusively to the petroleum industry.

In a statement given out here by I. N. Farnum, general manager of the General Petroleum Company, he says:

"The deal virtually means that the largest stockholders have gotten together, pooled their stock and formed a syndicate for the purpose of borrowing money to take care of the outstanding debts of the company and for extension of business."

This statement of Mr. Farnum conflicts with that of President de Sabla, whose cablegram states that both General Petroleum and Union Oil have passed to control of a British syndicate. It might be said that the General Petroleum Company is capitalized at \$50,000,000 in 500,000 shares of \$100 each; of this 333,201 shares are issued and fully paid. There is also outstanding \$11,022,000 six per cent 20-year gold bonds, part of an authorized issue of \$25,000,000. The General Pipe Line Company, of which the General Petroleum owns 72 per cent, has an authorized capital of \$7,500,000 and an authorized debenture issue of \$7,500,000, of which \$4,000,000 are issued. In addition the floating indebtedness of the General Petroleum Company, it is understood, is about \$1,000,000.

The Union Oil Company has a capitalization of \$50,000,000, of which \$31,147,000 has been issued; the Union Provident Company, capital \$25,000,000, issued, \$15,586,271; and the United Petroleum Company, \$10,000,000 capital, issued, \$8,075,100. And these latter companies, holding companies, strange as it appears, control the Union Oil Company. In other words, control in the Union Provident and United Petroleum Companies carries with it the control of Union Oil. That is \$13,000,000 in shares in the two companies named controls \$32,000,000 in shares in Union Oil.

When the announcement of the option for control of the Union Oil Company was given out it was stated that the price to be paid should the option be availed, would be \$130 per share. This was in November of last year and the stock in the Union organization soared skyward, the high point touched being Union Oil, \$105; Union Provident, \$109; United Petroleum, \$107. Then the price began to tumble and the low point was touched in July this year, viz: Union Oil, \$50; Union Provident, \$60; and United Petroleum, \$60. It is probable that this was the time when General Petroleum made the purchase of Union for the \$4,000,000 (\$20,000,000) as set forth in the statement given out by the General Petroleum Company to a recognized authority on Petroleum in London and printed in that city.

LANDMARK WRECKED
Fullerton News: Time, in its flight, brings many changes, and as the human family meets them so do all things. During the week one of the old landmarks of Fullerton passed into history, when the ancient and dilapidated building on South Pomona avenue, between Santa Fe and Commonwealth, was dismantled and wrecked.

Mr. W. T. Brown of the Brown & Dauser Milling Company tells us that this was the first building erected in Fullerton. While this fact may be disputed Mr. Brown claims a definite knowledge because he furnished the lumber.

It was built for a blacksmith shop, but later used as a temporary school house.

Something Really New

Six Cylinder—Distinguished Beauty

Never before have HUDSON designers brought out in one model so many advances.

But it happens that Europe, after reaching the limit in fine engineering, has suddenly corrected many faults in bodies.

And America must follow. Some makers will delay, some chafe and protest. But sooner or later we have always followed European vogue. Those who waited found their models obsolete ere long. You remember how it was with fore-doors.

Here is an ideal body type which marks the coming model. The world's best designers agree on it. All the best foreign makers will this year exhibit nothing but streamline bodies.

We have not merely copied—we have Hudsonized the type. We have ourselves worked out countless improvements. We have, we believe, the handsomest car you'll see. But the general effect is such as must mark any up-to-date car this year.

Europe Is Right
And Europe is right. Look at passing models. Note that abrupt and inartistic angle at the dash. Compare with this model, where the streamline runs unbroken from tip to tip.

Compare the high-hung, top-heavy bodies with this low-hung effect. Compare old-type fenders with these new.

Compare the old way of carrying extra tires, blocking one front door, or on the rear, when the balance of the car is disturbed. Now both front doors are clear and still the tires are where they should be—on the running board.

Note that every door hinge is concealed. Why did we ever have body sides marred by projecting hinges?

Note the left-side drive, the center control, the deep cushions with high backs. You sit in the car, not on it.

Now we have four forward speeds. We have wide tonneau doors. We have every operation and control within reach of the driver's hand.

You know that these things are desirable. Now that they have been thought of, and adopted abroad, what car can resist coming to them?

Other New Things
Here are other new features which we have adopted in this new HUDSON Six-54:

A seven-passenger body, where the extra seats fold out of the way.

135-inch wheel base—36x14½-inch tires. Gasoline tank in dash, also an European innovation.

The Delco system of electric self-charging—the rapid type built especially for this car.

Powerful electric lights with dimming attachment.

Speedometer set in dash. Concealed noiseless gears set into the axle.

Yale lock on ignition control. Rain-vision windshield. Genuine Pantastat top with curtains attached, ready for instant lowering. Electric horn—trunk rack—tire holders—license carriers. Every comfort and convenience known.

Built by Howard E. Coffin and His Engineers
Here too is the latest production of Howard E. Coffin and his great engineering corps. The men who built the former HUDSON Six, one of the greatest successes ever known in this industry.

This is their masterpiece. The largest, finest, strongest car these men have ever built. Their sturdiest car, their most comfortable car, most dependable.

And note the price. Note how this factory, with its mammoth output, has cut the cost of Sixes. Think of a Six of this power and size and room selling for \$2400. Even one year ago such a price was unthinkable.

See This Innovation
We now have this car on display. Come see it, if only to see the trend of design in motor cars. Compare it side by side with old-style cars and judge which you want to drive.

See it now—while it's new. Quick deliveries.

A Thrilling Tale of Adventure in the Canadian Northwest

Jack Chanty

By HULBERT FOOTNER

Author of "Two on the Trail," Etc.

THE STORY opens with Jack Chanty floating idly into camp perched upon his raft singing to the accompaniment of his banjo, little dreaming that while he had hidden himself from the world—the world, or at least an important part of it, was coming to him. For on that day Garrod and Linda found his retreat. And Jack Chanty was the last man Garrod ever wanted to see again.

Mr. Footner knows and loves the wilds and he has here told a very dramatic story of the adventures of Garrod's party guided by Jack Chanty, of the mystery at home that Garrod tries so hard to hide and of the jealousy of Linda and the trader's daughter.

SOUL OF PROGRESSIVISM GOES MARCHING ON

Now that the smoke of battle has cleared away and simple analysis has exposed the fallacy of the figuring of the enemy on last week's election returns, we may see clearly what a splendid thing that election was for the Progressive party.

Gains everywhere, and not one loss. We hold the balance of power in the Massachusetts legislature! We virtually hold it in the New York assembly. We can in these states unite the liberal forces of all parties into one constructive legislative force; or, if these forces are more partisan than Progressive, with our balance of power we can show the hollowness of their Progressive pretenses.

We have shoved the Republican party into third place in Massachusetts, and have broken its courage in New Jersey. We have held every inch of ground we gained last year, and have proved to the country that when an election is held where issues are before the people, where something more than a local issue is at stake, as in the election of a university regent, a judge or a congressman, the Progressive ranks are unbroken. We have put real terror into the hearts of the harmonizers. We have put the fear of God, which is the beginning of wisdom, into both the old parties. They know that if they fail to walk in the Progressive path their Progressive partisans have a party waiting for them whose Progressive sincerity and effectiveness is not questioned; and the same old parties know now that if they try to fake the Progressive principles they fool no one.

Freedom shrieked with laughter when Gardner fell!

No single event in recent political history has been so significant as the elections of last week. They lifted the curtain from the political situation in America and showed to politicians a lightning glimpse of a party which is consistently growing, whether in California or Indiana or Massachusetts or Kentucky. When the West, where there has been courageous, effective, Progressive leadership for ten years, gets a chance to speak, it will show a Progressive strength greater even than that proved in the East, where the movement is new.

THIRTY THOUSAND CHILDREN UNDERFED

The Illinois Federation of Women's Clubs was told the other day by Seymour Steadman, state assemblyman, that 30,000 Chicago school children are underfed, unable to keep up with their fellows, and likely to become dependents or criminals.

There are those who will tell us that it is no proper function of the body politic to feed the children of the poor; but isn't it going to be better, and cheaper in the long run, to do so, rather than to support them when they become adults? Looking at the problem from a purely economic standpoint, would not the investment prove profitable?

Industrial developments have so changed conditions of labor in the past generation that we have new problems in sociology confronting us. These new problems cannot be solved by any study of precedents. We must break new ground; we must study the conservation of humanity. This is the big problem of the twentieth century.

We can no longer afford to neglect a remedy for existing evils simply because we have no precedent. Our conservatism, our worship of political and economic dogmas of the past must give way to a progressive policy of social reform.

Congratulates Orange County on Wonderful Productive Qualities

Los Angeles Times: Los Angeles county, richest, most productive and most populated county in the state, learns with joy of the progress its neighbors are making. Orange county on the south is just counting up its year's productions and a wonderful record it is. In Orange county they talk about beans by the million, beats by the thousands of tons, sugar in figures with eight ciphers, and tomatoes which fill car after car on the railroads. As for the fruit after which the county takes its name, the growers of navel oranges are looking forward to a fine crop of large-sized fruit, and the ranchers who raised Valencia are depositing the money received in the prosperous banks of Santa Ana, Anaheim, Fullerton and the other flourishing towns of the county.

Just as an example of the way they grow Valencia down in Orange county let's take the case of Frank Baxter, who lives between Anaheim and Fullerton. He chooses his adjectives wisely when he speaks of a yield of Valencia from eight acres of forty-year-old trees as remarkable. The crop from that small grove gave him \$2400. Can anybody beat that? Harry Weiser, a neighbor of Mr. Baxter, can do so. He owns a four-acre orchard and sold his crop on the trees for \$2750. Easterners who read exaggerated accounts of last season's frost should read, mark, learn and inwardly digest these facts.

From oranges to beans is by no far cry in Orange county. The lucious fruit and the large lima grow almost in adjacent fields. But the lima particularly likes to get right down close to the sea. In the vicinity of Huntington Beach alone 3,000,000 pounds of lima beans were bundled into 40,000 sacks and shipped by the Farmers' Warehouse Company. Seeing that the Democrats are trying to ruin the sugar industry in California the farmers around Huntington Beach have decided to set out a greater acreage to beans next season.

The beans of Orange county were in the ground before the tariff bill passed through congress and so one finds that the beet growers of the county will pocket \$2,500,000 from their sugar beet crop this year. The five big sugar factories of Orange county have just completed their "campaigns;" in other words, their factory runs, and have produced more than 400,000 tons of sugar. Talk about large figures! The Santa Ana Co-operative Company sliced 91,000 tons of sugar beets and made 259,000 bags of sugar, not to mention dried beet pulp on the side. The pioneer sugar refinery of the county, the Los Alamitos Company, the Holly Sugar Company at Huntington Beach and the Anaheim Sugar Company all have had good seasons.

In this respect they are like the tomato growers. The California Vegetable Union has handled a bumper crop from Orange county this season, and the consumers in the East have been able to partake of a crop more perfect in color, more uniform in size and superior in flavor to that ever sent out previously from this magic state. Orange county certainly is to be congratulated on her wonderful productive qualities. May they never grow less.

THE PROBLEM OF REDUCING ACCIDENTS AT RY. CROSSING

While actual statistics show that only one and one-half per cent of automobile accidents occur at railway crossings, nevertheless this one and one-half per cent is so large that automobile associations are co-operating with the railroads to minimize the number and bring about a greater exercise of care in the part of pedestrians and drivers of motor vehicles.

In making an effort to ascertain wherein the responsibility for crossing accidents might rest, some observations were recently made by one of the railroads with offices in San Francisco, and the statement of the results, involving 16,522 motor vehicles took no precautions, whatever, to prevent being struck at crossings, 21 per cent passing at a high rate of speed.

It is pointed out by railway officials that the millions necessary for added grade protection would levy an extra toll on the rates paid by shippers and passengers. There would be less necessity for this if more precautions were taken by pedestrians and drivers at the crossings.

The observations were made in San Francisco, Lodi, Sacramento, Stockton and Oakland. The total of the pedestrians and drivers of teams and motor driven vehicles who crossed during the period of observation was 25,296. Of this number 35 stopped and looked in both directions before crossing; 1950 kept moving and looked in both directions; 1694 kept moving and looked one way only, and 14,617 kept moving and looked straight ahead.

CHARMING LUNCHEON

One of Season's Prettiest Affairs Given Yesterday by Mrs. A. J. Crookshank

One of the most beautiful and elaborate social functions of the season was that given yesterday by Mrs. A. J. Crookshank when she entertained at her Spurgeon street home with a luncheon and whist. Covers for the one o'clock luncheon were laid on two long tables for twenty-four, including Mesdames Turner, Jas. S. Rice, John Wehrly, J. P. Baumgartner, J. W. Bishop, L. J. Carden, H. C. Dawes, S. M. Davis, C. E. French, Alice Harris, C. S. Kendall, C. A. Kingston, A. H. Lyon, E. M. Nealley, A. J. Padgiam, Fred Rafferty, P. R. Reynolds, J. J. Roper, W. M. Smart, W. M. Smart, E. B. Smith, Alice Tubbs, Ben Turner, Jas. S. Rice, John Wehrly, W. E. Winslow, Miss Dresser.

A yellow color scheme was carried out with lovely chrysanthemums, a basket of these splendid blossoms being in the center of each table and smaller baskets similarly filled at either end, with strands of smilax through the center from basket to basket. The rich color tint prevailed in each of the eight courses from the fruit cocktails served in halves of golden tinted grape fruit to the final delicacies of the dessert. The nut cups of yellow crepe paper were of chrysanthemum shaped and the place cards bore the chrysanthemum design in yellow.

Whist and flinch were played in the afternoon with Mrs. Rice winning high whist score. A cluster of magnificent chrysanthemums was her award, and a basket of smaller chrysanthemums was the consolation prize won by Miss Orr, who with Miss L. Crookshank, Mrs. Warren Brakeman, Mrs. Bullard and Mrs. Charles Heil assisted Mrs. Crookshank in serving and scoring.

From Santa Ana in North The many friends of the E. J. Eatons and their son, Walter J. Eatons, will be highly interested in the following excerpt from a letter from Walter, written from Grand Forks, British Columbia, under date of Nov. 12:

"The booster edition of the Register looked good to me here in cold British Columbia. I have been here with the Granby Consolidated Mining, Smelting and Power Company since graduation from the Colorado School of Mines last May. This is my first year from under the Stars and Stripes and to get such an interesting picture book from home makes

WEEKLY CITRUS RECIPE

Orange Cream Pie
Beat the yolks of two eggs very light; add half a cup of sugar, heating tablespoonful of corn starch dissolved in a little milk, grated rind and juice of one large orange or two small ones. Pour this into one pint of milk boiling in double boiler and cook three minutes. When cool pour into a rich baked pie crust.

Beat whites of two eggs stiff and add a tablespoon of sugar. Spread lightly over mixture in pie crust and brown in the oven.

One long for good old Orange County.

"We have the largest copper smelter in the United Kingdom, second largest in tonnage in the world; 3500 tons of low grade copper ore go into the eight blast furnaces every twenty-four hours. The ore is self-fluxing; that is, it requires no additional limestone. The ore carries a little gold and silver, in fact just enough to make our profit. And our profit last year was \$600,000.

"Our company is building a new smelter at Anyox, B. C., some 500 miles north of Vancouver. It will have a capacity for 2000 tons per day and can be enlarged to twice that if the ore supply will warrant it. This company has a very good past and the future looks still brighter.

"Give my regards to Santa Ana friends."

For Miss Faye McKean Miss Mabel McFadden gave a charming 6:30 o'clock dinner last night in honor of Miss Faye McKean, soon to become a bride. The McKean residence at 906 North Main street was cheery with welcome as the band of twelve young ladies, including the hostess, all former schoolmates, gathered in the pleasant parlors.

The dinner table was prettily decorated with French marigolds mazed in a basket for a centerpiece. Covers were laid for ten, including the hostess, the guest of honor, Miss McKean, and her sister, Miss Raye McKean; Misses Mary, Janet and Fannie Smart, Mary Gail, Alice Gail, Lulu Ott; Mrs. H. W. Walker. The evening following the dinner was spent in interesting conversation.

DELIGHTFUL PARTIES

Mr. and Mrs. F. C. Rowland Hosts at Evening Affair, Mrs. Rowland at Afternoon Event

Mr. and Mrs. F. C. Rowland successfully entertained about thirty ladies and gentlemen last night at the spacious Cypress avenue home of Mr. and Mrs. C. F. Crose, the parents of Mrs. Rowland. The Crose assisted in entertaining and in the various hospitable duties attending such a gathering. Last evening's event was the second affair at which Mrs. Rowland has been hostess in the last two days, and the decorations for the two events were identical. A charming autumn scheme was used, the autumn leaves and vines of the gorgeously tinted Virginia creeper being festooned over the curtain draperies, on mantles and small tables, while rich red roses were employed in the library, and roses of vivid pink adorned the parlors. A hint of Thanksgiving was enjoyed over the delicious viands, the cunning nut baskets and in the after dinner mints.

Whist was the diversion of the evening, and high score prizes were awarded to Mrs. C. S. Kendall and L. J. Carden, the consolation trophies going to Mrs. W. L. Deimling and Henry T. Rutherford. A two course collation was served on small tables, where autumn leaves and vines were used in decorations. Social chat was enjoyed over the delicious viands.

Thursday afternoon's affair was a charming one, only ladies being entertained. Mrs. Rowland's guest list included forty society women of Santa Ana, and the function was given at the Crose home. Whist was played in the rooms that glowed with autumn colorings, the first prize going to Mrs. Alice Tubbs, the second to Mrs. Clyde Walker, and the consolation to Mrs. Arthur Pease.

Delicious refreshments were served in two courses, on small tables. Mrs. Rowland being aided in serving as well as in entertaining by Mrs. Carl Strock and Mrs. L. A. Collier.

Merry Thimble Club On Thursday afternoon the Merry Thimble Club was delightfully entertained by Mrs. May Clark in her cosy apartments at the Fowler House. The affair was pleasantly spent in conversation, music and needlework.

The rooms were made most attractive by the use of yellow chrysanthemums, and the yellow color scheme was carried out in the dainty refreshments.

The members of the club voted Mrs. Clark a most charming hostess.

Economics Meeting The fifth section of Household Economics met yesterday afternoon with Mrs. W. P. Sylvester of Orange, all of the members being present but three. The house was decorated in autumn colors, Virginia creeper and chrysanthemums in brown baskets being used.

After a short business meeting the program for the afternoon was given, the subject being: "Old Housekeeping and New; Compare Housekeeping Now and Twenty Years Ago." Mrs. Sylvester gave an interesting paper on the subject followed by a discussion in which all joined.

Fancy work and a social hour followed, during which refreshments of pumpkin pie, doughnuts and coffee were served. Hand painted souvenir cards in the shape of autumn leaves with a Thanksgiving dinner menu inside were given each one before departure.

The committee for the afternoon was as follows: Mrs. Sylvester, Mrs. Ritter, Mrs. Lamme, Mrs. Ellis Smith, Mrs. Liebig.

Past Matrons to Meet The Past Matrons' Association of the O. E. S. will meet on next Tuesday afternoon, Nov. 18, at the home of Mrs. Evans, 416 West Walnut street.

ALWAYS RELIABLE

was led by Mrs. Hamilton and was given to devotionals. Prayers of thanksgiving and praise for God's benefits were offered, and much good were derived by those present. Wednesday's meeting was led by Mrs. Charles McNaught and the work in the home and foreign fields was taken up. China was given by Mrs. Lucy Madden in a most able manner. Korea was by Mrs. Wiseman and Mrs. Titus. The mountain work by Mrs. George Wright, the gulf coast by Mrs. Ella Bonar and the Pacific coast by Mrs. E. A. Clardy.

Thursday's meeting was led by Mrs. W. T. Kivens, Mrs. Donan having charge of the devotionals. The work in Brazil was given by means of questions and answers, each lady present taking a part. Mrs. Charley Hamaker read in a most interesting manner a report from Miss Sarah Warner of this city, who is a station missionary at Juiz de Fora, Brazil, and of course being "our missionary" every one was interested. Mrs. Dr. Haughton gave a most excellent paper on Mexico and Cuba explaining our work there and becoming so much enthused that the contagion spread, making those present long to do more for God's Kingdom in missions. Mrs. D. Scarborough prepared and read a paper on Gulf Port and Biloxi, Miss., and having visited the places, in a charming manner brought in the little details that are so interesting.

The program for the five days had been condensed so that it might be given in three, and as it was not finished, three phases of the work, Indian Missions, City Missions and Extension of Work Among the Negroes, will be given at the next literary meeting.

Travellers Number One The Ebelt Travellers' Club, section one, will meet Monday afternoon, Nov. 17, at the home of Mrs. J. J. Roper.

To Attend San Diego Convention The Santa Ana delegates who will attend the convention of the Southern District of California Federation of Clubs to be held at San Diego next week will be as follows, from the Ebelt and Woman's Clubs:

Ebelt—Mrs. A. J. Lawton, president; Mrs. W. L. Deimling, district chairman of press committee; Mrs. S. M. Dearing of Orange; Mrs. W. L. Leiby and Miss Minnie Childs of Tustin; Mesdames Geo. S. Smith, C. F. Crose, C. E. French, A. J. Padgiam, Woman's Club—Mrs. B. Uttley, president, and Mrs. J. M. Akin.

An art exhibit will be one of the features of the convention at San Diego, and Orange county's share of the exhibit will be especially representative of the county. Santa Ana clubs will contribute two marine scenes by Mrs. Ada Champ, Laguna Beach and Huntington Beach, and three still life scenes by the same artist; also two views of the late Mme. Modjeska's home and a view of San Juan Capistrano Mission, by R. V. Corbett. The Anaheim Ebelt Club will add to the Orange county exhibit.

The delegates leaving here for San Diego will depart on Monday afternoon on the 4:03 Santa Fe train, it being necessary to go at that time in order to be present at the Tuesday morning session of the convention.

A. W. League Meeting Mrs. B. F. Beswick was hostess to the Santa Ana chapter of the A. W. L. yesterday afternoon. The parlors and hall of the Beswick home were decked with chrysanthemums and autumn leaves, giving a suggestion of fall in their rich coloring. The chrysanthemums of red and yellow were massed in bowls, while the richly tinted leaves were scattered over tables here and there as though having just fallen.

The meeting was well attended, and the business period was presided over by the president, Mrs. C. H. Stanley. After other matters of business had been transacted, the mem-

bers voted to call the Exchange "The Santa Ana Woman's Exchange," the exchange having enlarged its scope of usefulness. It will hereafter be strictly a local affair, and a cordial invitation is extended to all clubwomen, and others as well, to unite in making it a credit to the town.

At the close of the business meeting, a most delightful social hour was enjoyed. Mrs. Beswick, assisted by her daughter, Miss Katherine, served delicious refreshments in which the color scheme of the autumn leaves was carried out. Miss Katherine was voted as excelling as a maker of home-made candy.

The next meeting will be held on the second Friday of December at the home of Mrs. J. B. Rowland, 1306 North Broadway.

Day Nursery Report

(Mrs. W. B. Tedford)

The first birthday of Rita Vannatta was celebrated on Nov. 2 at the Day Nursery. Her cake was adorned with one candle. The other thirteen children at the party watched Rita with curiosity and pride as she blew out the candle. A merry time the children had, for Rita, the "baby," is the pet of all.

Thanks are extended to the generous people who donated the following articles:

Clothing, Mrs. E. E. Keech, Miss Evelyn Kingsford, Mrs. Potter, Mrs. I. W. Hill, Miss Lottie Lyman, Mrs. Wilson, Mrs. Jas. Rice of Tustin, Mrs. E. P. Stafford, Mrs. C. S. Kendall; for fruit and sandwiches, Miss Rosie Kellogg, Dr. Waffle, Mrs. McKee, "The Eastern Star"; for ham, potatoes and sandwiches, The South Methodist Church; for pumpkin pies, M. E. Church; jelly, Mrs. S. J. Hill; jelly and jam, Mrs. J. P. Baumgartner, Mr. T. D. Knight brought us a rake. Now we have a clean back yard.

Duck Hunting Trip Judge Z. B. West, C. S. Crookshank, son Ronald; Miss Lida Crookshank, Mrs. Will L. Bullard and Mrs. E. M. Wallace made an early start this morning in autos on a duck hunting expedition below San Juan Capistrano.

The party expect to return this evening loaded with game.

AMUSEMENTS

MY DIAMOND STOCKINGS

(By Anna Held.)

Where did I get the diamond stocking stunt? It came about in a curious fashion. I was at the Folies Bergere, Paris, one night, when an urgent message came to me from Comte de Paix, one of the descendants of the old French nobility. He was a middle aged man and in striking contrast to the general run of French nobles, wealthy. He came around to the stage door, and I saw him in my dressing room.

"Anna Held," he said, "there is only one thing needed to complete your wardrobe, and I have brought it to you." He handed me a jewel case.

Anna Held's Diamond Stockings

and when I opened it, a large, exquisite diamond sparkled and flashed under the electric light. "The only condition I make," he said, "is that you must wear it on the stage so that in some way it will counterbalance the flashing sparkle of your glorious eyes." The following night when I appeared that diamond was mounted on my left stocking. That gave me the idea. And now my \$250,000 stockings are, I candidly admit, the rage.

Those stockings, though, are a source of constant anxiety and worry to me. After each performance they are locked in a jewel case and handed by me to my secretary, who gives his receipt and hurries off in an automobile to my hotel, where the case is placed in a safe deposit. They are never washed, those stockings, for the jewels and their settings are transported to other material from week to week.

Madame Sherry

Prettily staged and costumed at the Grand this afternoon, "Madame Sherry" was as tuneful and sprightly as ever. "Madame Sherry" is at the Grand tonight. The libretto is what it purports to be—witty, and though frequently bordering on the risqué, seldom is vulgar. As for the lyrics, there are the usual choruses and topical songs, but "Madame Sherry" has something besides, what too few of our musical comedies can boast of, a true melody. "Every Little Movement Has a Meaning All Its Own" gives an air all its own to the whole performance. From the beginning when the act opens with the pupils of the Sherry school of aesthetic dancing practicing their little movements, to the final curtain when a scene to have learned the meaning of each little movement, the lifting tune haunts the audience.

WOMEN'S FADS AND FANCIES

By Margaret Mason

NEW YORK, Nov. 14.—For a time there has been a fashion edict that the best of hairs should part, but now there is no longer a parting of the waves (Marcel ones), for flat pompadours have sprung up again into feminine fancy. Our hair still has a part by the ears, however, for never a peek from under cover are our aural appendages allowed out in the cold, cold world. The stiff undulations of the Marcel wave after wavering for some time are now firmly rooted in favor and the very latest coiffure shows the tresses drawn up in Marcel waves from the nape of the neck to the crown of the head, and back from the face in the same fashion. And for these high brows whose domes of thought seem startlingly nude when the pompadour rolls back and leaves it bare the bang is a necessity and softening adjunct to the coiffure that covers a multitude of sins.

A style of hairdressing very popular indeed is dubbed the "Casque." It is a division of the hair into two parts with the right side rolled over the left and tucked under and pinned. Pins and combs for the hair are aglitter with gems and jet for evening wear, but the plain tortoise shell one are favored for day and street wear. Shell pins with three or four prongs instead of the erstwhile regulation two-pronged hairpin are the fashion of the moment, and much more adequate as well as ornamental in keeping your locks where they belong.

To acquire the flat puff of hair which is being worn over each eye and every ear it is necessary to resort to a sweetly scented and sticky hair dressing which practically glues and holds your hair in a set place. Nowadays lovely woman is indeed all stuck up.

From your head to your feet brings into prominence the cothurn or the slipper that is laced around the instep and ankles with ribbon in the empire style. While the gay Parisian wore these fancy foot effects all summer it is now only that they are really seizing upon American pedal extremities and adding new zest to the tangos and trots. For dancing these slippers come with flat heels but for other evening and dress occasions

Mrs. G. H. Goodale of West Anaheim purchased a ticket Tuesday over the Southern Pacific to Montreal. From that point she will go to New York City to visit her mother for a month.

Mr. and Mrs. R. H. Parker of Placentia departed over the Southern Pacific yesterday for Toledo, Ohio, where they expect to reside.

Attorneys F. C. Spencer and Roger Dutton were in Santa Ana yesterday on professional business.

Mrs. H. C. Lawrence of West Anaheim is spending today and evening at Fullerton, she being a member of an important committee connected with a bazaar the ladies of the Baptist church are giving in that city.

Help Make Others Happy

At the November meeting of the Woman's Home Missionary Society of the First Methodist Episcopal church, held at Mrs. Clabaugh's, a call was made to all members and friends to donate canned fruit for the Methodist hospital in Los Angeles. This institution is doing excellent work and has an open door for the unfortunate and suffering who cannot help themselves. Also for clothing, books, dolls, etc., for a Christmas box for the Lordsburg Orphans' Home. All such gifts are to be left at Mrs. Steward's at 2.1 East Broadway, not later than December 15.

In our plans for Christmas cheer, let us remember the less fortunate brothers and sisters.

Missionary Meeting

The Missionary Society of the Presbyterian church held its regular meeting in the Sunday school room of the church Thursday afternoon.

A roll call followed the devotional service, each member answering with a verse of Scripture, or some response in the nature of thanksgiving.

A special feature during the program was an excellent report given by Mrs. F. W. Mitchell of the missionary work in connection with the Presbyterian, which convened at Los Angeles last Monday. This report was filled with interest from beginning to end.

Mrs. Bruce gave a short talk on the Spanish school, and Mrs. Francis' topic was "South America," the foreign topic being discussed by the local missionary circle at present.

Mrs. H. F. Ashley gave an interesting talk along the line of the Americans in our own country.

The December program will be arranged by Mrs. F. W. Mitchell, Mrs. H. F. Ashley; January meeting is to be conducted by Mrs. Gregg, and the February meeting by Miss Alise Aubert and Mrs. Bruce.

Congressman William Kettner visited this city during the week and met with a very cordial reception. He announces that he will under no circumstances become the Democratic candidate for governor of California. His visit here had to do in part with the appointment of a postmaster to succeed the incumbent, whose term does not expire for a year yet, but it is the belief here that a change will be made shortly.

T. C. DeLapp and C. W. Warner are candidates for the position.

The recital given by Miss Lillian Tucker, under the auspices of the Delta Alpha class of the Methodist Sunday school, drew a large crowd to Campbell's opera house last evening.

The recital was a success from the point of entertainment, as well as financially, and the audience felt well paid for attending.

Miss Tucker's talent as a reader and impersonator was nicely demonstrated in the various numbers on the program and the wide approval she has gained in her public appearances seems to be fully merited. Her audience last evening expressed its appreciation generously and frequently with applause.

A false alarm, ascribed to twisted wires caused by the north wind, called the fire department out this morning.

Dr. Edwin Raymond Coming on His Regular Monthly Visit

Master of Chronic Diseases

Many were disappointed in not being able to consult with Dr. Edwin Raymond while he was at Santa Ana on his last visit. The doctor's visits are looked forward to with expectancy by his numerous friends and patients in Santa Ana. He has performed some wonderful cures in the community, and grateful patients are now bringing their friends to share the joy and pleasure of health he has been able to impart.

His reputation for wonderful cures effected in the East, South and for the past two years in Los Angeles is well known in Santa Ana and community and the people here are more than anxious to consult with him.

Dr. Raymond has consented to give another day of his valuable time to Santa Ana. See him at the Allerton Hotel, corner East Fourth and French streets on Tuesday, November 18th. You can consult with him free of charge during the hours of 10 a. m. and 4 p. m. Call early or you may again be disappointed on account of the great crowd of people who will want to see him. If you are not sick, ailing or afflicted, please do not call out of idle curiosity to see the doctor for you only take up the time that should belong to some poor, sick, ailing person, who really needs the doctor's attention. If you wish to consult him regarding some sick friend, the doctor will be only too glad to give you his advice.

When you are in Los Angeles, call at the large Televida Institute conducted by Dr. Raymond at the corner of Tenth and Olive streets and see the great number of testimonials on file from people he has cured of severe, baffling diseases. See the photographs and personal letters of people he has saved from dangerous, expensive surgical operations for appendicitis, gallstones, skin, kidney, liver, blood, stomach and bladder trouble. The walls of his reception room are lined with photographs of cured, grateful patients and these represent a great many different chronic, special or nervous ailments of men and women.

Dr. Raymond has cured hundreds of others. He can and will cure you if your case is curable. Don't delay. Call and see Dr. Raymond at the Allerton Hotel.
